## My Beliefs:

A. **God is love.**

B. **Christ wants us to avoid making the same mistakes twice...while nonetheless enjoying life.**

C. **The Holy Spirit is with us to help us *understand* and *implement* A. & B. on Earth.**

Freedom of Religion is, first and foremost, an individual right. Conceptually, this right creates "Personal Faith Forts" from whence each one of us is free to peacefully express our religious view(s).
